Vm Instant Art provides not only two "desktop services" but also a delivery of online services, namely "Highway", "Limelight" and "Vernissage". Why do we call it "Vernissage"? "Vernissage" is the French term for a rendezvous, which refers to the opening of an exhibition. Of course, the "Vernissage" site is an online delivery of art, an online exhibition, where creative items or "Vernissage" items can be viewed. In other words, the "Vernissage" site is not a kind of tool for creating art by yourself, it is an online tool, more focused on creative items, "Vernissage" items, items designed by artists in a creative way. By using this delivery, you can easily create your own recreational art collection, it's easy to browse and to view works by others. With "Vernissage", you may create your own, personal exhibition.
