----- LuJoSoft CopyAndPaste is a lightweight and easy to use clipboard tool that provides you with a stable and safe interface to manage the contents of your clipboard. It can be used as a very reliable note or memo pad. You can use it to quickly create a note, recipe or document. You can add a title and your memo text to start your note. Then, you can select any part of your memo and copy it to the

active window or clipboard, or even simply drag any text from the internet to the clipboard and paste it to any other application on the system. When pasting, the application supports the most recent version of MS Office 2007 or earlier. You can even configure the application to use the MS Office 2004 format. With the included easy to use GTD (Getting Things Done) organizer, you can use the application as a great GTD tool. It allows you to create checklists, assign tasks, schedule them, review

them and even use the predefined tags to sort your tasks. It's simple and easy to use. For more advanced users, LuJoSoft CopyAndPaste provides a rich set of tools including a task editor, task list, notebook to organize any text, date and time editor, auto-notebook creator, notes creator and much more.

LuJoSoft CopyAndPaste Key Features: ----- •

Highlight any text in any application and paste it immediately to any other application on the same system. • Easily create any

type of notes, memos, recipes, documentation, or even GTD task checklists. • Supports most recent versions of MS Office. • A rich set of tools including a task editor, notebook to organize any text, date and time editor, auto-notebook creator, notes creator and much more. • Copy and paste any document/URL/image to any application on the same system. • Supports preserving the clipboard selection when sending any window to the background. •

Manage your clipboard contents easily. • Support including search strings to clipboard contents. • Easy to use GTD organizer to do GTD. • Works in any window and in any application. • Allows running in both 32-bit and 64-bit versions of Windows. • Simple and user-friendly interface. • Runs well under both Windows Vista/Windows 7 and Windows XP. • Not an adware or a spyware. Free to use and totally free for a lifetime. LuJoSoft

What's New In LuJoSoft CopyAndPaste?

LuJoSoft CopyAndPaste is an awesome application that has been made specifically for the .NET Framework, but it can work on any Windows system. Main Features:

- Enables you to view, edit, copy and paste items from the clipboard using just a few mouse clicks, with no additional window or menu to navigate.
- Keeps track of the clipboard contents so that you can easily retrieve them later, organize them, or edit them at any time.
- Readily updates to display

any changes of the clipboard content that you have made at any time, without you ever having to refresh the application. • Allows you to set its size and position using an adjustable slider. • Features an impressive search function for easier clipboard management. • Requires no additional user interface elements, windows or buttons other than an adjustable opacity slider, which you can use to increase or decrease the window transparency. • Does not tamper with your system

entries and registry settings.

- Works on any Windows platform, including Windows 95, 98, NT, 2000, XP, Vista and so forth.
- Is free of charge.

Disclaimer If you have any doubts as to the legality of everything we are doing here, you need to consult an actual lawyer and not take our word for it. We don't mean to harm anyone and if you are found to have followed any part of our advice, not doing something legal, you can't have us prosecute you. Everyone is at liberty to do as they wish, as

long as they don't try and harm us. There are plenty of other applications out there that do the same job or even better. But, we like to think that ours is a little better than most because we are here to help people like you and not to brag about the few simple things we have discovered. If you feel like this is the place for you, we invite you to register, try it out and don't be shy, we are here to help and we hope you are happy with the result! To make this article more useful for you, we have written it in

such a way that you can have it read and print it out for future reference. We hope that you like it and try to comment and ask anything you want us to help you with. We are open to anything and will always do our best to help you. The title of this article reads "LuJoSoft CopyAndPaste Portable Free.NET Framework"
