FIFA 22 includes advancements in AI (artificial intelligence) and skills, and introduces Rapid Response (RR), which aims to speed up game transitions by choosing the most appropriate moment to switch from gameplay to real-time strategy. A highlight of the official game trailer is the 3D Match Engine, which promises “the most realistic, in-depth club and international game engine ever in a FIFA game,” enabling players to immerse themselves in more than 100 leagues and competitions, including the UEFA Champions League and UEFA Europa League. As part of FIFA’s continued commitment to social responsibility, FIFA 22 will feature new FIFA For Good initiatives, including FIFA For Youth, which makes the game more accessible to young aspiring footballers and FIFA For Women, which makes a tangible contribution to women’s football worldwide. The game

is due to hit stores on 21st September 2017 and will be available to pre-order via PlayStation Store, Xbox Store and EA Access. For more information about FIFA's Back to School event, please visit: www.ea.com/back-to-school For more news from EA SPORTS, visit: www.ea.com/news

What's new in Fifa 22:

- **11 Premiership Football in the UK version (EPL, LND, FOOTBALL LEAGUE 1)**
- **Free/Cheap FIFA 11 face offs-** In a full league game, you can play 3v3 against opponents like the Real Madrid team on PES 2012.
- **New Career Point System-Move** is the heart of the rebooted Career Mode, making sure that clubs continue to grow and develop with you as a player; The system rewards Champions League, World Cup, and Club World Cup success as well as good performances and consistent attributes.
- **Home Stadiums** - On the pitch, you see your own stadium. It looks different depending on which country you are in. The players look different in each stadium as well.
- **Substitution Camera-** When you face your opponent and are about to replace a player, the camera will now allow you to see this player leave the pitch. You still will need to press a button, but these players will no longer stop moving.
- **Visual sliders** - The sliders that are available in goal keeper view are now much clearer and more distinct. The gloves are much more detailed and this is reflected in how you perform the shot.
- **Training** - You have the option to create your own training sessions in FIFA Ultimate Team and customise this. You can also upgrade players to get better in your session
- **Coaches-** In Ultimate Team, you can pick your technical, sports, and tactics coach who will help you improve and guide you through your journey.
- **Updated My Career-** This lets you track up to three players in one league; You can now choose from events during the season and create the career of a player.
- **Instant Game Caesers** - To watch live games has been an issue for most PS3 owners for a long time and has been one of the most common problems for users. In FIFA, it has now been solved
- **Player Biometrics-** For the first time ever in a console

game, you can track and see the player's biometric data. With this, you can see how your players are performing, like stamina, pace, speed and more.

- **Visual Supporter Posters and Stadium Realistic Kit Banners**
- Fans love to see new visual
