“An overall enjoyable experience” [Kotaku] - 6/10 - Like many games these days, this one’s got a fairly long introduction, but it’s given to explain the game and what it’s about. What I liked about Tarnished is that I didn’t feel overwhelmed by everything else. Sure, there are a lot of content packed into the game, but the mechanics are really simple and easy to understand. You can be picky and decide to skip a certain number of aspects, like weapons and level ups, which is a choice that will determine what you get out of the game. Tarnished has a lot going for it, like the sound and graphics, and it’s free on Steam. (App Store) - IGN - 7.5/10 - There’s a lot of content to tackle, and some areas of Tarnished’s deep and intricate dungeon crawling can be overwhelming and at times feel repetitive, but the cute and colorful graphics keep things fun. I really liked the character development system, and the ability to change weapons or abilities to better suit your play style, although some of the voice acting sounds robotic at times. Tarnished has a lot to like in an RPG, the low price point isn’t something to be ashamed of either. Regardless of whether you’re looking to pull a hard reset on your life or simply want to deal with some dungeons, Tarnished has a lot of content to offer, and a price that shouldn’t be overlooked. (App Store) - Techmoan - 6/10 - It’s a matter of whether or not you’re a fan of RPG, and if you are, you’ll probably love this game. It has a good story, cute graphics, and a nice feel when playing on the virtual console. If you like roguelikes, this might be one to consider. All in all, its a nice little game, but there’s a lot to like. (PC) - Reaction Gaming - 6/10 - This is a pretty interesting game. It is an action RPG with a first person view. The graphics, story and gameplay keep the game interesting and unique. Overall, I recommend the game. (iOS/Android) - Super GamePleasure - 4.5/5 - Tarnished: The Mythological Action RPG is a game that will take you on bff6bb2d33

What's new:

SANRIOS: Beautiful Story, Dynamic Action Combat, and Online Play

The beautiful story of the fight against evil continues in the lands between. The happy times between the troubled events of the past will once again sparkle, and the drama filled with friendly and invading boars, gruff goblins, and scheming elves unfolds in this fantasy world.

BRENTAIOS: A Brilliantly Rich Fantasy Drama

In her peaceful life under the rule of the nobility, Naeve trains hard in martial arts and throws herself to the heavy mist and the thick woods. Eventually, she realizes that the lord she served is a cruel and greedy man. Against the order of the nobility, she repeatedly defies him and finds herself in a battle with the unknown world of horror. This touch of reality makes you feel fear and rage behind a tranquil face.

You can look at this as a thrilling fantasy drama. It is a story that breaks your heart when you learn the facts behind the episode's events. The genre of fantasy reflects the boiling opinion of the main character as he searches for an answer. Furthermore, in this drama you can feel various weak points in the dramas from various genres.

WHALE BAY: A Fun, Friendly Environment for Cosplay

It is possible that you have cosplayed in the past, and if not, this is a good opportunity to start. You can come to Whale Bay for a cosplay event. The environment is a cosplay studio, so it is a place in which you can dress up and pose like a cosplayer.

In Whale Bay, official cosplay is allowed for free. In the cosplay club, you can also become part of this event and gain recognition. Moreover, it is possible to show your skills and win prizes, so do not miss out.

THE NEW FANTASY ACTION RPG. Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between. • A Vast World Full of Excitement A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. As you explore, the joy of discovering unknown and overwhelming threats await you, leading to

A player may, at his or her discretion, summon the non-starting characters directly to their in-game locations at this time. After this initial respawn, non-starting characters will reappear at their in-game locations after a time delay. IS: When a character begins entering the game with a starting location, all of the other starting characters present at the start location will travel to their assigned starting locations, and both the starting and non-starting characters present at the start location will all start the game at the same time. IN: When a character begins exiting the game with a starting location, all the other starting characters present at the start location will travel to their assigned starting locations, and both the starting and non-starting characters present at the start location will all start the game at the same time. Note that the order in which characters appear in relation to other characters does not reflect the order in which they are created, as characters are not visible to players until they are spawned in the game. SE: When a character begins exiting the game with a starting location, all the other starting characters present at the start location will travel to their assigned starting locations. In this case, only the starting characters will start the game at the same time; the non-starting characters will exit the game at the time of their respective character's death. Note that the order in which characters appear in relation to other characters does not reflect the order in which they are created, as
