If you are running a game launcher to play gta iv the game will. Find the latest GTA and other PC games for sale, and download install mods.Q: Magento Community Edition 2.2.2 Is there a way to check who installed my extensions? Sorry for my english. I'm learning it. There are 945 extensions installed, but I can't find that list anywhere. A: Yes you can get extensions installed versions for a specific store using below commands. mage show module_name or php -r "echo \Magento\Framework\App\State::printModuleList()" | grep 'di' The above command will show modules installed in default store only. But if you are installing modules in multiple store then you need to run below command to see modules installed for all store. php -r "echo \Magento\Framework\App\State::printModuleList()" | grep 'di' | x 79a2804d6b
